(b) Originating goods

For purposes of this chapter and for purposes of implementing the preferential tariff treatment provided for under the Agreement, except as otherwise provided in this section, a good is an originating good if—

(1) the good is a good wholly obtained or produced entirely in the territory of one or more of the CAFTA-DR countries;

(2) the good—

(A) is produced entirely in the territory of one or more of the CAFTA-DR countries, and—

(i) each of the nonoriginating materials used in the production of the good undergoes an applicable change in tariff classification specified in Annex 4.1 of the Agreement; or

(ii) the good otherwise satisfies any applicable regional value-content or other requirements specified in Annex 4.1 of the Agreement; and

(B) satisfies all other applicable requirements of this section; or

(3) the good is produced entirely in the territory of one or more of the CAFTA-DR countries, exclusively from materials described in paragraph (1) or (2).

(c) Regional value-content**(1) In general**

For purposes of subsection (b)(2), the regional value-content of a good referred to in Annex 4.1 of the Agreement, except for goods to which paragraph (4) applies, shall be calculated by the importer, exporter, or producer of the good, on the basis of the build-down method described in paragraph (2) or the build-up method described in paragraph (3).

(2) Build-down method**(A) In general**

The regional value-content of a good may be calculated on the basis of the following build-down method:

$$\text{RVC} = \frac{\text{AV-VNM}}{\text{AV}} \times 100$$

For purposes of subsection (b)(2), the regional value-content of an automotive good referred to in Annex 4.1 of the Agreement may be calculated by the importer, exporter, or producer of the good, on the basis of the following net cost method:

$$\text{RVC} = \frac{\text{NC-VNM}}{\text{NC}} \times 100$$

(B) Definitions

In subparagraph (A):

(i) Automotive good

The term “automotive good” means a good provided for in any of subheadings 8407.31 through 8407.34, subheading 8408.20, heading 8409, or in any of headings 8701 through 8708.

(C) Motor vehicles**(i) Basis of calculation**

For purposes of determining the regional value-content under subparagraph (A) for an automotive good that is a motor vehicle provided for in any of headings 8701 through 8705, an importer, exporter, or producer may average the amounts calculated under the formula contained in subparagraph (A), over the producer’s fiscal year—

(I) with respect to all motor vehicles in any 1 of the categories described in clause (ii); or

(II) with respect to all motor vehicles in any such category that are exported to the territory of one or more of the CAFTA-DR countries.

(ii) Categories

A category is described in this clause if it—

(I) is the same model line of motor vehicles, is in the same class of vehicles, and is produced in the same plant in the territory of a CAFTA-DR country, as the good described in clause (i) for which regional value-content is being calculated;

(II) is the same class of motor vehicles, and is produced in the same plant in the territory of a CAFTA-DR country, as the good described in clause (i) for which regional value-content is being calculated; or

(III) is the same model line of motor vehicles produced in the territory of a CAFTA-DR country as the good described in clause (i) for which regional value-content is being calculated.

(D) Other automotive goods

For purposes of determining the regional value-content under subparagraph (A) for automotive goods provided for in any of subheadings 8407.31 through 8407.34, in subheading 8408.20, or in heading 8409, 8706, 8707, or 8708, that are produced in the same plant, an importer, exporter, or producer may—

(i) average the amounts calculated under the formula contained in subparagraph (A) over—

(I) the fiscal year of the motor vehicle producer to whom the automotive goods are sold,

(II) any quarter or month, or

(III) its own fiscal year,

if the goods were produced during the fiscal year, quarter, or month that is the basis for the calculation;

(ii) determine the average referred to in clause (i) separately for such goods sold to 1 or more motor vehicle producers; or

(iii) make a separate determination under clause (i) or (ii) for automotive goods that are exported to the territory of one or more of the CAFTA-DR countries.

(E) Calculating net cost

The importer, exporter, or producer shall, consistent with the provisions regarding allocation of costs set out in generally accepted accounting principles, determine the net cost of an automotive good under subparagraph (B) by—

(i) calculating the total cost incurred with respect to all goods produced by the producer of the automotive good, subtracting any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs, and nonallowable interest costs that are included in the total cost of all such goods, and then reasonably allocating the resulting net cost of those goods to the automotive good;

(ii) calculating the total cost incurred with respect to all goods produced by that

producer, reasonably allocating the total cost to the automotive good, and then subtracting any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs, and nonallowable interest costs that are included in the portion of the total cost allocated to the automotive good; or

(iii) reasonably allocating each cost that forms part of the total cost incurred with respect to the automotive good so that the aggregate of all such costs does not include any sales promotion, marketing and after-sales service costs, royalties, shipping and packing costs, or nonallowable interest costs.

(d) Value of materials

(1) In general

For the purpose of calculating the regional value-content of a good under subsection (c), and for purposes of applying the de minimis rules under subsection (f), the value of a material is—

Proc. No. 7987, Feb. 28, 2006, 71 F.R. 10829, provided in par. (6) that the Committee for the Implementation of

Textile Agreements is authorized to exercise the President's authority under sections 4081 to 4088 of this title to review requests and to determine whether to commence consideration of such requests; to cause to be published in the Federal Register a notice of commencement of consideration of a request and notice seeking public comment; and to determine whether imports of a textile or apparel article of an Agreement country are causing serious damage, or actual threat thereof, to a domestic industry producing an article that is like, or directly competitive with, the imported article.

§ 4082. Determination and provision of relief

(a) Determination

(1) In general

If a positive determination is made under section 4081(b) of this title, the President shall determine whether, as a result of the elimination of a duty under the Agreement, a CAFTA-DR textile or apparel article of a specified CAFTA-DR country is being imported into the United States in such increased quantities, in absolute terms or relative to the domestic market for that article, and under such conditions as to cause serious damage, or actual threat thereof, to a domestic industry producing an article that is like, or directly competitive with, the imported article.

(2) Serious damage

In making a determination under paragraph (1), the President—

(A) shall examine the effect of increased imports on the domestic industry, as reflected in changes in such relevant economic factors as output, productivity, utilization of capacity, inventories, market share, exports, wages, employment, domestic prices, profits, and investment, none of which is necessarily decisive; and

(B) shall not consider changes in technology or consumer preference as factors supporting a determination of serious damage or actual threat thereof.

(3) Deadline for determination

The President shall make the determination under paragraph (1) no later than 30 days after the completion of any consultations held pursuant to article 3.23.4 of the Agreement.

(b) Provision of relief

(1) In general

If a determination under subsection (a) is affirmative, the President may provide relief from imports of the article that is the subject of such determination, as provided in paragraph (2), to the extent that the President determines necessary to remedy or prevent the serious damage and to facilitate adjustment by the domestic industry.

(2) Nature of relief

The relief that the President is authorized to provide under this subsection with respect to imports of an article is an increase in the rate of duty imposed on the article to a level that does not exceed the lesser of—

(A) the column 1 general rate of duty imposed under the HTS on like articles at the time the import relief is provided; or

(B) the column 1 general rate of duty imposed under the HTS on like articles on the day before the date on which the Agreement enters into force.
